

apta 2010

Apta is the leading supplier of quality garden products to independent garden centres throughout the UK and Ireland. From concept to commercial innovation, our distinctive offer includes: superior glazed products, traditional terracotta, contemporary containers and a host of garden accessories.

Together with our delivery service and large in-house merchandising team, we are the point of difference you have been looking for.

As the **original specialists** in providing a pick and pack service, we are dedicated to providing you with the most **flexible** offer we can. This symbol indicates that the range or product is available as either a single item or as single sets. Therefore you can create an order made up of **any combination of styles, sizes and colours**.

In order to provide the very best value possible, volume lines are offered in half pallet quantities in one style. Other ranges are offered in half pallet quantities of mixed styles.

This symbol indicates that the planter is a considerably lighter version of a traditional heavy material, such as lead.

The majority of our ranges are **hand made** to ensure fantastic quality and **character** in each product. Where you see this symbol it indicates that the range was crafted on a traditional **potter's wheel**.

Order Options:

Please see below for more detail on how we sell our products and how to interpret our tables.

Product is sold in individual pieces.

Pick and Mix from any colour, shape and size.

Product is sold in single sets.

Example - Set of 4 (lower number) refers to set of the four smallest sizes.

Set of 5 (higher number) Refers to a full set.

Product is sold in half pallets

Example - Shows the number of full sets on each half pallet. Sometimes there are two different sized half pallets to choose from.

Order - Bottom 1/2 Pallet of 18 full sets,
Top 1/2 Pallet of 12 full sets.
Or Full Pallet of 30 full sets.

Product is sold in mixed half pallets

Example - Half pallet mix contains 9 sets of each design in variable colours.

Order - 1/2 Pallet of 27 full sets =
9 x Full sets of Bowls
9 x Full sets of Low Tapered Squares
9 x Full sets of Tall Cones

A set consists of a number of different sized planters nested inside each other.

Product is sold in Boxes

Example - One Box contains 12 spheres
